## Professional Summary

As an MCA student at Gandhi Engineering College (GEC AUTONOMOUS), I am passionate about leveraging my expertise in Java, Python, frontend technologies, and automation to develop efficient and scalable solutions. My strong foundation in Operating Systems, Computer Networks, Computer System Architecture, DBMS, and Cloud Computing enables me to understand and solve complex technological challenges effectively.

I am eager to explore opportunities in software development, automation, cloud computing, and IT consulting, contributing my skills to innovative projects that drive technological advancements.

## Technical Skills

- Programming Languages: Proficient in Java, Python (Zero to Advanced level)
- Frontend Development: Skilled in modern frontend tools and technologies
- Automation: Experience in automation testing with Selenium & Python
- Software Development: Strong grasp of object-oriented programming and software development principles
- Problem Solving: Analytical thinker with the ability to debug and optimize code efficiently

## Education

Master of Computer Applications (MCA)

Gandhi Engineering College (GEC AUTONOMOUS) | 2024 - 2026

1st Semester SGPA: 9.21

Bachelor of Computer Applications (BCA)

NIIS Institute of Information Science & Management | 2021 - 2024

CGPA: 7.24

## Certifications

- Python Certification - Quality Coders
- Automation Certification - Quality Coders

- Java Certification - Quality Coders

## **Achievements & Extracurricular Activities**

- Participated in website design contests showcasing frontend development skills.
- Completed an internship in automation testing using Selenium & Python.
- Passionate about learning new technologies and staying updated with industry trends.

## **Contact & Networking**

I am eager to connect with industry professionals and explore career opportunities in software development, automation, and cloud computing. Feel free to reach out to me via email (lipunrout65@gmail.com) or connect on LinkedIn/GitHub for tech discussions and collaborations.
